We aspire to build a future that is eco friendly and start a community that enables everyone living in it to achieve more in their life.

My years of experience had given me a clear image of the future I aspire to have for New Event and I hope to lead my passionate team with the same persistence I had years ago when I first started my career in the Real Estate field. The satisfaction of our clients reflect our success and it's based on mutual respect and trust, they trust us to build them a bright future and we respect and honor this trust.

At last, I would like to acknowledge the efforts of the team and consultants who helped us get this far and keep working towards providing a better tomorrow.
